WORK EXPERIENCE

IT Work Experience:

Hogarth Worldwide

Chennai

Associate Front End Developer

01 June 2022 - Present

Roles and Responsibility:

- They created responsive webpages which focused on advertisement pages of the website and mobile clients.
- Worked on eMailers and eDetailers in the eWizard platform which in turn called vue.js to run the website. Created components and modules in vue.js which help to reuse it in various presentations.
- Managed to work with Adobe applications for image alteration, creating a layer, and some minor changes.
- Worked with Veeva Vault as a repository and collaborating tool.
- Coordination of Salesforce.com CRM integration into the supply chain testing.
- We do basic tests like Unit testing, and integration testing before moving to QA.
